

**BRAZIL MINERALS, INC. DEBUTS BRANDED MOLD FOR ITS GOLD
PRODUCTION & OTHER NEWS**

PASADENA, CA--(June 26, 2018) - [Brazil Minerals, Inc.](#) (OTC: BMIX) (the "Company" or "Brazil Minerals") announced that it has begun to use a branded gold bar mold with its logo and stock symbol in high relief for its gold production. Such gold bars produced by the Company in situ, from material mined in its properties, have a 96% gold content. A photograph of a branded bar is attached to this release.

In other news, the Company's subsidiary [Jupiter Gold Corporation](#) ("Jupiter Gold") has submitted 53 samples collected in its recent drilling campaign at its Paracatu Project for geochemical analysis to SGS-Geosol's laboratory, utilized by the major global mining companies operating in Brazil. Gold in the samples will be assayed using the Fire Assay/Atomic Absorption method. The senior geologist on the Paracatu Project is Rodrigo Mello, one of the most experienced Brazilian gold geologists. Mr. Mello developed and managed the 2nd largest gold mine in Brazil, and has worked for Goldcorp, AngloGold and AngloAmerican, among others.

Brazil Minerals also announced that it has hosted a large gold producer company from Central Asia in a working visit to its gold and diamond operations in the Jequitinhonha Valley, followed by a visit to Jupiter Gold's Paracatu Project. Two other foreign groups are in the planning stages of visits as well.

Safe Harbor Statement

This press release contains forward-looking statements made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward looking statements are based upon the current plans, estimates and projections of Brazil Minerals, Inc.'s management and are subject to risks and uncertainties, which could cause actual results to differ from the forward- looking statements. Such statements include, among others, those concerning market and industry segment growth and demand and acceptance of new and existing products; any projections of production, reserves, sales, earnings, revenue, margins or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements regarding future economic conditions or performance; uncertainties related to conducting business in Brazil, as well as all assumptions, expectations, predictions, intentions or beliefs about future events. Therefore, you should not place undue reliance on these forward-looking statements. The following factors, among others, could cause actual results to differ from those set forth in the forward-looking statements: business conditions in Brazil, general economic conditions, geopolitical events and regulatory changes, availability of capital, Brazil Minerals, Inc.'s ability to maintain its competitive position and dependence on key management. This press release does not constitute an offer to sell or the solicitation of an offer to buy any security and shall not constitute an offer, solicitation or sale of any securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction. We advise U.S. investors that the claims listed in the BMIX Mineral Bank are exploratory in nature, and as of now do not have "reserves" as such term is defined in the Securities and Exchange Commission's Industry Guide 7.
